## About Us

Indian pharmaceutical sector is rapidly expanding into the international domain. We, 3S CORPORATION, are integral part of this sector by delivering highly potent Anti Cancer Injections, Oncology Drugs, Anti Cancer Drugs and Tablets and other pharmaceutical Tablets. Incepted in 1999, we have shown healthy growth year-on-year as a trusted Supplier, Distributor and Exporter of the market. We source these qualitative products according to respective pharmacopeia from registered vendors who follow Good Manufacturing Practices to guarantee the accurate composition, potency and long shelf life. We have fruitful relations with a wide network of vendors for fast and accurate fulfillment of orders as per client specification. Owing to our optimum quality standards and timeliness, we have developed our key markets are in United Kingdom, Italy, Spain, Germany, Switzerland, Bulgaria, Hungary, Austria, Bahrain, Belgium, Ukraine, United States, Mexico, Brazil, Canada and more.

We are a dependable name in the international scenario dealing with a wide range of Anti Cancer Injections, Cancer Treatment Drugs, Oncology Drugs and Tablets and other pharmaceutical Tablets. We are counted among one of the leading suppliers, distributors and exporters of quality assured products which can be availed in customized packaging.

Warehouse is very imperative means in our business for ready availability of huge stock. Our widespread warehouse has right temperature, humidity and other physical conditions for the stability of stored medicines. It has bonded facilities such as fire fighting, material handling and complete security. Our modern warehouse is handled by experienced storekeepers to ensure optimized work flow. They work in coordination with procuring and distributing agents to keep inventory moving and client shipments on schedule. In addition, optimized packaging is also our prime concern for enhanced shelf life of the medicines. Our team members properly pack the products like as Oncology Injections in hygienic conditions to safeguard the products against all possible hazards.
